

## Washington D.C Community Development Initiative

Caterina and I are blessed to have you join us in our Nation's Capital. We believe the prophetic significance of our gathering is noteworthy. As we all know, Washington, D.C. is the seat of power within our country, which governs all sectors of society. Its footprint stretches far and wide. Policies crafted in Washington critically impacts the direction of America and in many instances the broader global community. I want to share with you the architecture of our gathering and a couple of prophetic perceptions prior to our gathering.

I see each part of our journey in Washington as critical to our impact in our cities, nation and global communities. God hides mysteries in governments, people, place, and things and it is the duties of leaders to search them out. Babylon must release from its treasuries all the things that belong to God. D.C is full of an inexhaustible amount of jewels.

As senior leaders, we all carry unique frequencies extracted from secular vocations and pastoring. In fact, each of you are experts in your specific fields. I perceive it to be the Gadites technology; "mighty men of valor, men trained for battle, who could handle shield and spear, whose faces were like the faces of lions, and were as swift as gazelles on the mountains": 1 Chronicles 12:8 (NKJV)

I also believe that you are men and women who labor diligently to build healthy communities. You possess dimensions of Ezekiel's vision, men with the faces of a Lion, Eagle, Ox, and Man. The four aspect of the spirit rests upon each of you. The Lion represents a new authority you will walk in. The Eagle symbolizes a prophetic dimension to see into the unveiled future. The Ox signifies the strength you carry. Lastly, Man indicates not an ordinary man, but a man of high degree, B'Nay Ish. B'nay Ish is the Hebrew word that suggests that your nature has been reset. Not one of a fallen man, but that of the new man. These qualities will make way for substantial transformation in your metrons of grace.

Our various experiences and expertise are specially cut stones that are priceless and embedded in our hearts. Let us too share in the exporting and importing of those graces by being intentional in building relationships with one another. It will water your visions and expand your global reach.

I want to celebrate our facilitators for the Community Development Workshop, Apostle Eugene and Patrice Sheppard. They possess remarkable and priceless gifts. We are so grateful of their willingness to take out time and share with us. They are pioneers and have been extracting resources for over 30 years in Washington. They possess a trove of experiences in faith-based initiatives and governmental policy.

Living Word Church and the Lydia House are just a couple of exploits that they have completed. You are going to be blessed by what they will impart to us all day Friday, February 23, 2018. It's going to be just fantastic. They are the kind of leaders that God has been hiding treasures within for decades.

The terrain we will traverse is rich with valuable insights. We hope that it will stimulate and inspire you to return to your respective places of oversight orbiting in a different place and ready, more than ever, to build profoundly. Let's be intentional in how we interact and share divine intelligence gathered during this time together.

We have put together an impressive itinerary. Tickets have been secured for each of you to visit the Bible Museum and the African American Museum. We are grateful for Regina Goodwin, State Representative from District 74 Tulsa, Oklahoma for securing the tickets to the African American Museum. The visit to the Bible Museum will be more of a survey visit to ensure that we have ample time for the African American Museum. The African American Museum will require a lot of time to tour. You may choose only to do one. The African American Museum is enormous and will need time. Nonetheless, we secured tickets for both. It is at your discretion how long you should stay. Mind you it will be a full day, so eat a healthy breakfast. These events are designed to lay the framework for our gathering on Friday.

This will be the beginning of a new governmental initiative and Kingdom Community mobilization. It will thrust us into fresh, uncharted waters and lay pathways for succeeding generations forthcoming. Safe travels to you. Caterina and I are praying fervently for you as we step into this new paradigm of significant City Transformation. God's speed.

Transforming Nations,

Dr. Anthony Earl
